

1. Please make sure you have registered your Telkomsel SIMCard by sending SMS with Keyword : Flash to 3636. If you haven't, please do so and wait until you receive reply SMS from 3636 as a sign that registration is successful.
2. Double click the Mobilink icon on your desktop or Click Start > All Programs > NovatelWireless > Mobilink (this step can only be done after you have successfully installed the Novatel Wireless datacard driver)
3. IF you are asked to enter your PIN, please enter you Telkomsel SIMCard PIN correctly (this is the same number that is asked whenever you turn on your handset)
4. Click the 3 blue bar icon and click Profile Manager

5. Click New

- Please fill in the box according to the below picture and Click Next afterwards

The screenshot shows a dialog box titled "Profile Wizard Step 1 of 2". It contains two text input fields. The first field is labeled "Profile Name:" and contains the text "Tsel Broadband". The second field is labeled "APN:" and contains the text "flash". Below the fields is a "Next" button, which is highlighted with a red circle. Other buttons include "Back", "Cancel", and "Help".

Profile Name: Tsel Broadband

Please enter a name that you want to give to this profile. This can be any name of your choosing.

APN: flash

Please enter the APN. If you don't know the APN, please contact your service provider.

Back Next Cancel Help

- Click Finish, leave the other box empty.

The screenshot shows a dialog box titled "Profile Wizard Step 2 of 2". It contains three text input fields for "Username:", "Password:", and "Confirm Password:". Below these fields is an "Advanced..." button. At the bottom, there is a "Finish" button, which is highlighted with a red circle. Other buttons include "Back", "Cancel", and "Help".
